MiniBotix

CERTIFICATE

OF INTERNSHIP

This Certificate is Proudly Presented To

GOKUL B

This is to certify that GOKUL B has successfully completed a Project-Based Internship at MINIBOTIX PLATFORM from 15-12-2025 to 30-12-2025. During the internship, the student actively worked on the design and development of a website for a campfire business, which is currently in the testing and development phase. The student gained hands-on experience in HTML, CSS, JavaScript, and GitHub version control, and contributed to real-world project development through structured tasks, code implementation, and testing. The student demonstrated strong learning skills, dedication, and practical understanding of modern web development workflows.
